# DAVID LARSEN RAN UP MORE THAN **\$25,000** IN UNPAID TAX DEBT.

And his business benefited from Obama's \$1 trillion stimulus.

# DAVID LARSEN FAILED TO PAY HIS PROPERTY TAXES **21 TIMES**. DAVID LARSEN **BENEFITED** FROM OBAMA'S \$1 TRILLION FAILED STIMULUS.

Official tax records show that David Larsen repeatedly failed to fully pay his property taxes. He ran up more than \$25,000 in unpaid tax debt by not paying his taxes on time 21 times.<sup>1</sup>

## IT'S A FACT. AND IT GETS WORSE.

Instead of paying these taxes, Larsen used the money to run for Congress. It's true. In 2010, Larsen still had unpaid property tax debt while he used his own money to run for Congress.

## AND THERE'S MORE.

Larsen also benefited from Obama's failed stimulus. That's right, David Larsen says he opposes the stimulus, but he admitted that his business benefited from federal subsidies that cost U.S. taxpayers billions in wasteful spending.<sup>2</sup>
